

Marketplace Returns and Refunds

Special conditions apply for the return of items bought on Amazon Marketplace. If you need to return an item you bought on Amazon Marketplace, you must return it directly to the seller.

Recognise a Marketplace item

Marketplace items are sold by sellers and can be dispatched from either a seller, or Amazon. You can find out who sells and dispatches the item under the **Buy Now** button on the product detail page.

This Help page explains the return and refund process for items sold and dispatched by a Marketplace seller. For more information about items sold by a Marketplace seller and dispatched by Amazon, go to Fulfilled by Amazon.

Request a return for a Marketplace item

Instead of refusing a Marketplace order delivery to return it to the seller, accept the delivery and return the order using the Online Returns Centre. Go to Return Items You Ordered for more information.

You can also request a return using the cancellation form (PDF download). If you use this form, you'll still need to contact the seller for return shipping details.

If you want to request a return that's not in line with our Returns Policies, contact the seller. The seller will reply within 48 hours.

Special return options apply to Heavy and Bulky items. Items that weigh 31.5 kg or more, or the longest side (when packed) exceeds 175 cm are considered Heavy and Bulky. For more information, go to Returning Heavy and Bulky Marketplace Items.

Return methods

Within 48 hours of requesting the return, the seller will provide you with one of the following options:

- A prepaid return label.
- A mailing label.
- An email with the return address of the seller and mailing instructions.

International returns policy

Our returns policy requires that international Marketplace sellers provide one of the following:

- A return address.
- A valid prepaid return label.
- A full refund without requesting a return.

Sellers are required to cover for the label's cost, regardless of the return reason, if the return address is outside the UK.

Prepare your return

To print a mailing label:

- In Your Orders, locate the relevant item.
- Select **Print label & instructions** or **Email to a friend to print**.

To ensure a safe return process:

- Erase all information from items such as laptops, cameras, or other electronic devices.
- Carefully package the return.
- Use a trackable return service and keep the receipt. Packages shipped without tracking may be ineligible for refunds from the seller or under the [A-to-z Guarantee](#).
- Check if the selected return carrier insures your return for the value of the product. Lost packages are eligible for carrier refunds when properly insured.

Manage your return

To check the status of your return request, return, or refund go to Check the Status of Your Refund.

To cancel a return request:

- Go to Your Returns.
- Find the requested return and choose **Return and Refund Status** next to the return authorisation for the return you want to cancel.

- Select **Manage return**.
- To cancel the return, select **Cancel return**.

Refund timeline

Once the seller receives your return, it may take some extra time to process your refund:

Step	Timeline
Seller processes the return	Within 2 days of receiving the item
Amazon issues a refund and sends an email confirmation	Within 1 week of receiving the refund instruction from the seller
Bank processes the refund	Up to 7 business days

Refund amount

Depending on the reason and timeline of the refund request, the seller may deduct shipping costs:

Reason	Shipping Costs	Return Shipping Costs
Item damaged, defective, or did not match the description provided by the seller.	Yes	Yes
Return of fashion item within 30 days of receipt.	Yes	Yes (if in line with return policies on Free Returns on Fashion Items)
Return between 0 and 14 days - Change of mind, unwanted, and return address in the UK.	Yes, the cheapest shipping method	No
Return between 0 and 14 days - Change of mind, unwanted, and return address outside the UK.	Yes, the cheapest shipping method	Yes (for international returns, the cost of return shipping is always the seller's responsibility)
Return after 14 days but within 30 days of receipt, and return address in the UK.	No	No
Return after 14 days but within 30 days of receipt, and return address outside the UK.	No	Yes (for international returns, the cost of return shipping is always the seller's responsibility)

Other conditions apply to refund deductions:

- Sellers are only required to refund standard postage charges corresponding to the least expensive delivery method they offer.

- When the seller collects an item, the seller has the right to recover the standard costs of collection from you.
- If you use a personalised prepaid return label, the seller is entitled to deduct the return postage from your refund.
- If you refuse to return the item, sellers aren't required to refund or replace an order. This condition applies unless you've agreed differently with the seller.
- Sellers aren't required to refund the cost of gift-wrapping, or other services provided to you for your purchase.

Seller correspondence

If you need to contact the seller, sellers will respond by email within 48 hours.

You can check all correspondence with the seller in the Message Centre, under **Buyer/Seller Messages**.

The A-to-z Guarantee

The A-to-z Guarantee covers problems with returns. To check if you're eligible to request an A-to-z Guarantee refund, go to [What is the A-to-z Guarantee?](#)

Seller return policies

All Marketplace sellers must offer returns policies that meet or exceed our Returns Policies.

To check a seller's return policy:

- Go to the product page.
- Select the seller's name to go to their storefront page.
- Check the **Returns and Refunds** section.

If a seller's policy isn't specified, the Refund timeline, Refund amount, and Your legal warranty sections on this Help page apply.

For returns of Handmade at Amazon products to sellers, the Amazon Returns Policies apply.

Your legal warranty

When a product is faulty or not as advertised, the seller must offer:

- A free-of-charge repair,
- replacement, or
- refund.

Warranty periods vary by product type and value. If more than six months have passed from delivery, you may need to prove that:

- The fault existed at the time of delivery.
- The fault wasn't caused by an accident, misuse, or liquid damage.

Sellers and manufacturers may offer extra commercial warranties, either free or for purchase. Commercial warranties complement, but don't replace, your legal warranty rights.
